

How to Give Stocks and Mutual Funds and Maximize Your Giving for MAI Ministry

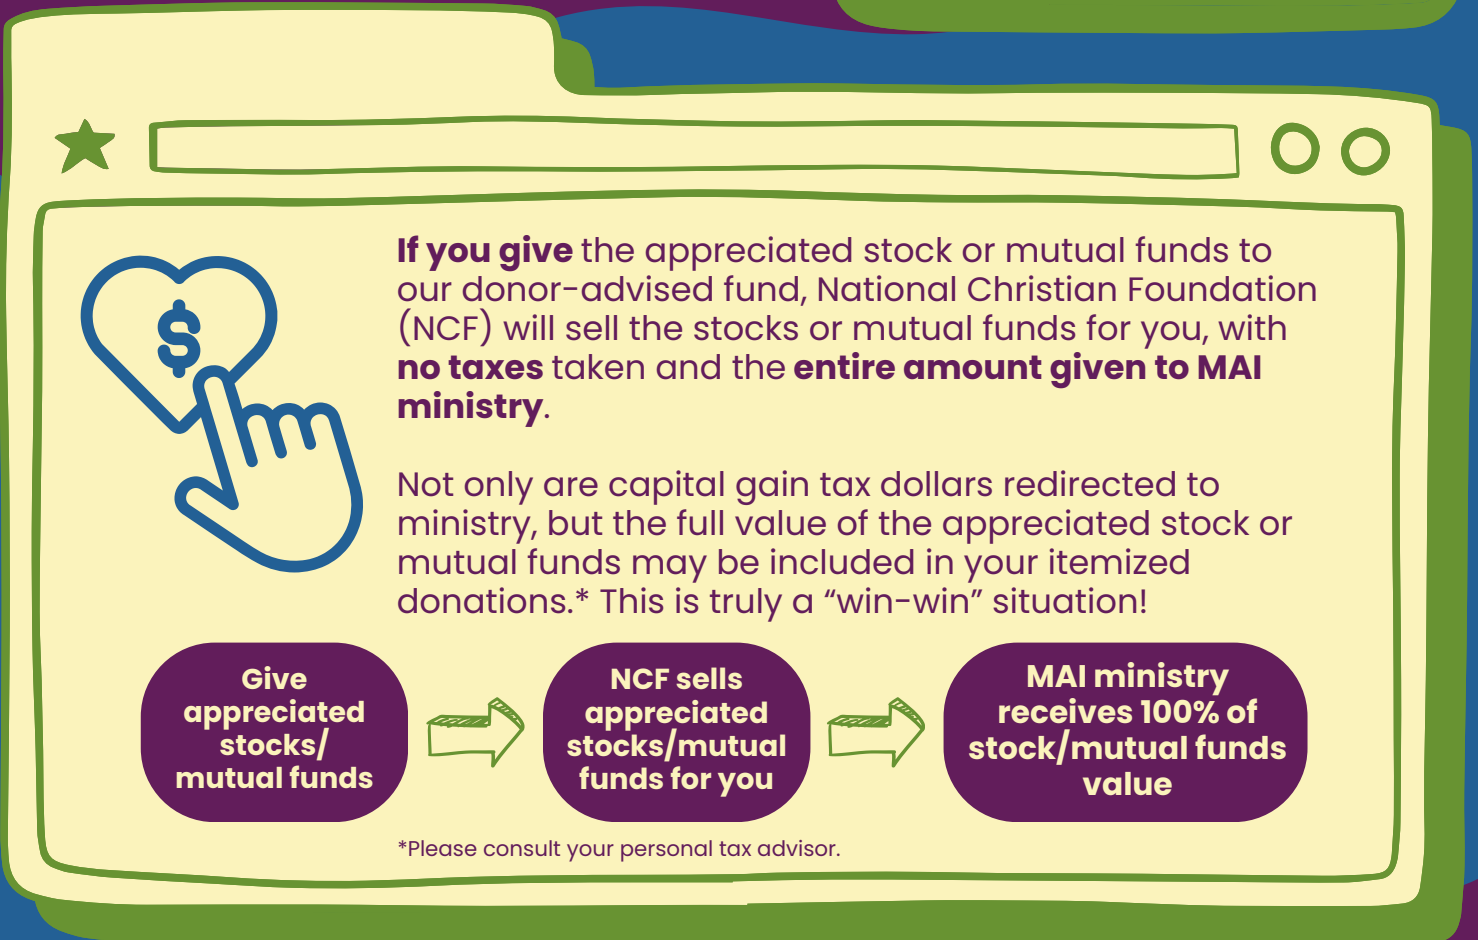

Contributions of stock or mutual funds to MAI's donor-advised fund with National Christian Foundation can help you **turn tax dollars into increased giving for global ministry.**

TAX-FREE

WIN-WIN

If you sell appreciated stock or mutual funds yourself for the purpose of charitable giving, the sale will be subject to capital gain **taxes** and the total amount of **your gift will be reduced.**

If you give the appreciated stock or mutual funds to our donor-advised fund, National Christian Foundation (NCF) will sell the stocks or mutual funds for you, with **no taxes** taken and the **entire amount given to MAI ministry.**

Not only are capital gain tax dollars redirected to ministry, but the full value of the appreciated stock or mutual funds may be included in your itemized donations.* This is truly a "win-win" situation!

Give appreciated stocks/mutual funds

NCF sells appreciated stocks/mutual funds for you

MAI ministry receives 100% of stock/mutual funds value

*Please consult your personal tax advisor.
